FREE Project
Wine Bottle Holder

in the
labs with
Beki

Items you will need:

Wine Bottle Holder.crv File (Version 9)

In the Labs with Beki – Christmas Edition – Wine Bottle Holder

14" x 5" x 0.77" Oak (Project Example) – Wine Bottle Holder

0.125" & 0.25" End Mill & 60 **degree** 0.25" VBit

Finishing Materials eg Sander, Sandpaper, Saw to cut tabs, Wine Glasses, A tasty bottle of your favourite wine and the perfect person to gift this to!

If you plan to cut this project please ensure that you recalculate all toolpaths using settings that are safe and appropriate for your machine, the tools you have and the material you are using.

This wine bottle holder is a smart, simplistic way to gift someone with a bottle of wine for any occasion.

The project example has a personalised touch where we've added some letters for whom it's being gifted to and that will be VCarved into the top surface, very simple yet very effective. The font used is called October Moon, if you wish to include letters for your version you can simply delete these out and create your own using the Draw Text Tool (Refer to the video for more information on this)

difficulty:
EASY

For Use with:
Cut2D/VCarve/Aspire V9 or above
