

the Help

The chapter HELP provides you with access to the Acrobat Reader Manual, as well as an assistance with selected topics. Should it not be possible to solve your problem with the assistance provided, then please describe the problem you encountered in the forum DIGITAL WOOD JOINTS on the dds Website → www.dds-online.de. We will do our best to find an answer to your problem as soon as possible.

- Acrobat Reader Manual
- Opening files directly out of Acrobat Reader
- Screen visualization
- Importing the data files
- Printing
- CAD-demo versions
- Webjump
