dds-the magazine for furniture and interior fitting is a technical journal of “Der Deutschen Schreiner Verlag GmbH“, a subsidiary of the renowned Deutsche Verlags-Anstalt Stuttgart. **dds** is an active and innovative technical journal for cabinet-makers and joiners. **dds** is read in small and medium-sized craft companies as well as in vocational and technical colleges, polytechnics, academies and universities in the fields of architecture, interior design and furniture design. The machine manufacturers and suppliers of semi-finished products for wood-working also value the comprehensive information of this technical journal.

As regards content, the main emphasis of **dds** is design and construction, machine and tool technology, business management, and specialized EDP for cabinet-makers and joiners, CAD and CAM.

dds appears monthly with an average circulation of 26.000 copies and is sold via subscriptions only. One year's subscription in Germany costs DM 199,20 and can be obtained via the → **Verlegerdienst München**.

dds not only stands for the printed product. **dds** is the only technical journal for cabinet-makers and joiners that offers information in moving pictures with → **dds-Video, specialist TV for cabinet-makers and joiners**. The technical journal offers a wide range of help and know-how for the everyday work in → **dds-aktiv**. For window and door construction **dds** offers a quarterly specialist insert → **WINDO-OR** with interesting information for this field. For apprentices to cabinet-makers and joiners **dds** edits the insert → **view, Aussichten im Beruf** (professional prospects) six times a year.

dds supports the training of future master craftsmen and technicians with the specialist insert → **dds-im Detail** (in detail), that is part of every edition. **dds** also offers the latest information for cabinet-makers and joiners via the Internet. Under → **www.dds-online.de**, apart from information, the Internet user will find the springboard to the world of woodworking.

And this is how you → **contact dds**
